

FARM SANCTUARY

Matching Gift Program

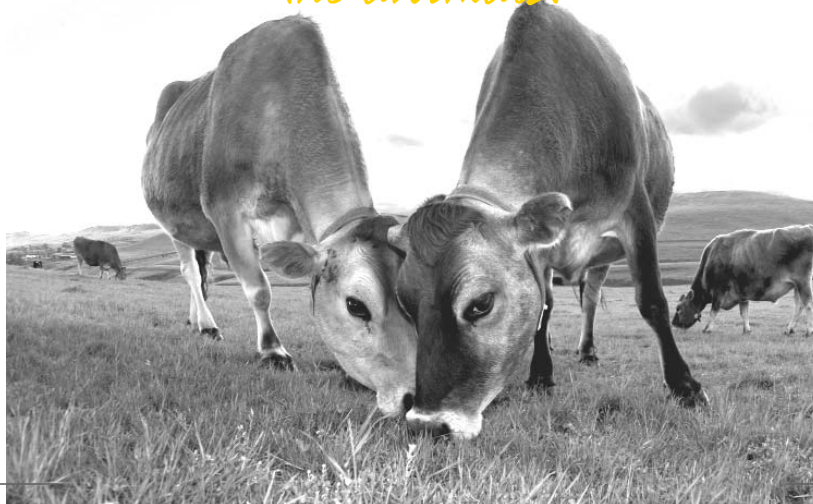

Benefits to the member

Thank you for considering Farm Sanctuary for a matching gift donation. Many companies participate in a matching gifts program that allows their employees to make a donation to a charitable organization, which the company then doubles, or in some cases, triples. Not only will the company receive credit for its contribution, but because you initiated the donation, *you* are recognized for the total amount Farm Sanctuary receives, including the match from your employer. While many companies offer this option, most employees simply do not know it is available. Please inquire about matching gifts with your company's human resources office today!

Benefits to Farm Sanctuary

All matching gifts made to Farm Sanctuary directly support our rescue, education and advocacy efforts on behalf of farm animals. It is also possible to designate your matching gift to a specific project or current need.

Double your gift to the animals!

Benefits to the Company

Your company will benefit by receiving tax benefits as allowed by law. Furthermore, allowing matching gifts creates goodwill with your employees and your community at-large. Employees appreciate the matching gift option and consider it an additional benefit of working at your company.

How to Make a Matching Gift

If you know your company participates in gift matching, simply contact your human resources department for a matching gift form to return with your donation to Farm Sanctuary. If you don't know if your company participates, take this flyer to your employer to see if Farm Sanctuary may be authorized as a matching organization.

Your Gift at Work!

Farm Sanctuary's humane education programs reach thousands of children each year, encouraging respect and kindness toward all living beings and the environment.

Farm Sanctuary works with SPCAs, humane societies and animal control agencies through-out the country to respond to cruelty cases and provide shelter for rescued farm animals.

FARM SANCTUARY is the nation's leading farm animal protection organization. Since incorporating in 1986, Farm Sanctuary has worked to expose and stop cruel practices of the "food animal" industry through research and investigations, legal and institutional reforms, public awareness projects, youth education, and direct rescue and refuge efforts. Farm Sanctuary shelters in Watkins Glen, NY and Orland, CA provide lifelong care for hundreds of rescued animals, who have become ambassadors for farm animals everywhere by educating visitors about the realities of factory farming.
